

# ***Do I Need an MOC?***

1. Are we **changing/ adding/ removing steps** from our usual JSA or SOP?

2. Are we **altering or adding connections** to equipment? (water, air electrical, steam, gas, hydraulics, lifting gear, survey equipment)

3. Will the change cause us to operate at **reduced or exceeded capacity?** (vessel capabilities, survey equipment, lifting gear, number or skill level of personnel)

4. Is the **client requesting** a deviation or change to our usual JSA, SOP or other procedures?
