

Bridge Memorandum #29: Safety Management Manual Rev. March 2021

March 10, 2021

Captains, Mates,

The new Safety Management Manual Rev. 1- March 2021 has been loaded to your ship servers on the Ndrive in the folder named "PDF". (Make sure you see the new **REV 1 version** before printing). You will also need to Rename the "PDF" folder to say "Rev 1-SMM" on the Ndrive.

If you cannot get to the Ndrive or folder, contact the IT department.

You will need to print the **ALL 14 chapters, 33 General SOPs, and only YOUR vessel's corresponding Table of Contents and Vessel Specific SOPs.**

Gyre – Print Gyre Table of Contents and vessel SOPs

Proteus – Print Proteus Table of Contents and vessel SOPs

A fully printed new revision has been hand delivered to the Brooks McCall and the Miss Emma McCall.

There are some changes included in this Revision. Please pay attention to Ch.3 Roles and Responsibilities, the current reporting structure and who gets what information and when, and Cybersecurity SOP.

Roy Robbins

Port Captain / DPA
